It is time to reflect on the year and look forward to 2019!

# A Huge Thank You for a Great Year!

I want to say a huge thank you to everyone who has helped to make this such a fantastic first year for me as the 4-H agent in Camden County! It has been so wonderful to connect with all of the families and youth. I have loved getting to put on all sorts of learning opportunities for youth in our county and I am looking forward to next year. Everyone's enthusiasm and support has been outstanding. Not to mention everyone welcoming me to the area, you make this 4-H community possible!

- Ali Huber, Camden County 4-H Agent

### Help to Sponsor 4-H Youth Development Summer Programs in 2019

We love creating and offer enriching youth development summer programs in Camden and outside of Camden for youth in our county to attend! We had lots of youth attend summer adventure programs in Camden as well as youth attend state overnight 4-H summer camp, Northeast District 4-H Science Camp, 4-H State Presentations and NC 4-H Congress. We want to offer these programs to more people but cost is our biggest barrier.

Please consider supporting our programs to help provide opportunities for more youth in our county. You can make a taxdeductible contribution to the Camden County 4-H Foundation. Any amount is helpful! Call 252-331-7630 or email ali\_huber@ncsu.edu if you are interested!

# Looking Back on 2018

We've had some great youth development programs this year! We enjoyed a highly successful Albemarle Area 4-H Livestock Show and Sale. Then we were able to jump right into summer! We enjoyed 4-H state overnight camp at the 4-H Eastern Center and returned to Camden for several different 4-H Summer Adventure programs around a ton on topics. We also had a youth compete and win gold in State 4-H Presentations and youth attend 4-H Congress in Raleigh and 4-H overnight Science Camp.

After the summer wrapped up we welcomed new families with a 4-H Open House followed by several fun events including Sleeping with the Sharks at the aquarium and an Engineering Evening. We were able to visit the schools for several fun programs including robotics and farm animals. We also partnered with the Camden Library for more fun! What a year!

You can check out the some of the photo albums below from some of our fun programs.
