A Special Thank You!!!

Camden County 4-H would like to thank Marcia Berry for her hard work and dedication to the students in Camden County Public Schools. Marcia is the 4-H Program Assistant and Juvenile Crime Prevention Coordinator for NC Cooperative Extension-Camden Center. Under her leadership and guidance, students learn life skills, positive behavior strategies, communication and social skills. The work she does reduces the likelihood of our youth being in the penal system as adults. Marcia's role is essential to ongoing youth development in Camden. Marcia has been with us one year and is already making big impacts.

NC State University and N.C. A&T State University work in tandem, along with federal, state and local governments, to form a strategic partnership called N.C. Cooperative Extension.

Extension's 4-H program is the largest youth development organization in North Carolina. We help over 247,000 young people grow into active, contributing citizens each year.
